

Waterford Greenway

Report by Clodagh Doyle and Angeleena Juddymon Pynadath

From May 17th to 19th, TY students went to the Waterford Greenway as part of our Gaisce adventure trip. The first half of TY cycled the greenway in the rain and in total cycled around 40km over the two days.

In the morning we arrived in Waterford city at the starting point at around 10 o'clock where we received bikes and helmets. We then began to cycle and stopped to have a rest at the 10km point. After a short break we continued to cycle to Kilmacthomas and on the way it started to rain! By the time we got to the Greenway Grill, which was about 25km in, we were soaked to the skin! At the Greenway Grill we had lunch and rested for over an hour and continued to cycle to the hostel in Bunmahon which was about a 7km cycle. Once we reached the hostel, everybody settled into their rooms. We had dinner and some people ordered pizza while others brought their own dinner. To pass the time, people played pool, watched Derry Girls, and chatted away. Around 11pm everyone started to settle into their own rooms and fell asleep at a later stage.

The next morning, we got up, had breakfast, and got ready to cycle back to Kilmacthomas where we were collected by the bus.

Before we headed back to Wexford, we stopped in Waterford city for an hour. We arrived back in Wexford just before 2 o'clock and went home.

Even though the weather was terrible everyone had a great time, although a lot of people were very sore after the cycle. Thank you very much to all the teachers who accompanied us and for making the trip enjoyable and for being very encouraging.
