

Lunch Time Activities

By Elena Ebner

This term a group of TY students, with the help of Ms Kennedy, organised lunch time activities, which run from **1:20 to 1:45pm** that are aimed mainly at first- and second-year students. There are different activities being held every day that vary from sport related activities to board games, such as “Connect 4” and “Uno”, and various exciting clubs, such as film club and Japanese club, which all offer an opportunity for students with many different interests to get involved and hopefully meet people that share similar interests.

On **Mondays** there is Just Dance set up in the sports hall for our energetic students, an art club for any students that are interested in art, as well as card games and board games that are set up in the GP area.

On **Tuesdays** students are invited to play badminton in the sports hall. Card games and board games are once again set up in the GP, with the addition of Jenga games, also in the GP.

On **Wednesdays** there is a fun activity of table tennis set up in the sports hall, Japanese club is running in St. Annes and there is also an opportunity for students to join a film club which is on in the library.

On **Thursdays** there is a chess club in the library for those looking to have a quiet lunch and board games are once again set up in the GP area.

Friday is dedicated to sports activities so there is Just Dance and table tennis both set up in the sports hall.

Everyone is welcome and encouraged to come along to these activities and there is absolutely no obligation to come every day. The numerous activities and clubs were set up to help some of our younger students to have some fun with their classmates and come out of their shell as they meet and interact with new people.

Day	Monday	Tuesday	Wednesday	Thursday	Friday
