

University Of Limerick Report by Yosra El Hussein

On Tuesday 9th of April we left Loreto at 7:00am to go to University of Limerick .When we got there we were welcomed by tour guides and were divided into groups of 25. On our tour they took us around the whole University and showed and explained some buildings for us. They have so many different courses like sports, business, science, languages and more. After that we were given free time for lunch and to look around the campus again with our friends.
